

City of Somerville, Massachusetts

Legislation Text

File #: 24-0135, **Version:** 1

Agenda Summary

Requesting approval to appropriate \$75,900 from the Energy Stabilization Fund for design services for a building project at 42 Cross Street.

Official Text

To the Honorable City Council:

The Mayor respectfully requests that this Council appropriate \$75,900 from the Energy Stabilization Fund to fund design services for a building project at 42 Cross St. This will include upgrading the roof and roof insulation, LED lighting conversion, updated building controls and a complete decarbonization including high efficiency heat pump HVAC and DHW systems. This request funds the development of construction drawings and project administration during construction. This does not pay for the construction itself. Quotes for that work will be developed as part of the project development outlined here

Appropriate staff will be available to answer any questions you may have. Thank you for your consideration of this matter.

Respectfully Submitted,
Katjana Ballantyne, Mayor
